

FasTrak solutions to property problems...

One call does it all

WHEN it comes to maintenance work, it can be time-consuming getting hold of tradespeople and especially if you need more than one speciality - but now there is a solution.

When you contact FasTrak one phone call does it all. Need a plumber and decorator - it has them. Need a handyman and electrician - it has them. Need a builder or a gardener - it has them. FasTrak, owned by Alison Eaglesham, was set up two years ago to offer this one-stop service and caters for many types of client. Those running the company have a combined experience in this field of over 30 years.

The firm works with letting agents looking after rental properties. It also handles homes for individual landlords, private householders and carries out maintenance for businesses.

Not only does it have skilled, reliable workers it makes getting a job done so much easier by having one central point co-ordinating it all.

FasTrak can handle anything from a dripping tap to a full refurbishment for your home or a property which is being prepared to be rented.

The firm can install or modernise kitchens and bathrooms, carry out internal and external redecoration, provide full plumbing, carpentry and electrical services, build extensions and patios, erect fencing plus landscaping and general garden maintenance. It doesn't matter whether you need a small or a large job doing, the service is the same. Letting agents and private landlords can get a swift and efficient response to both planned and urgent work. There is the facility for a 24 hour emergency callout.

It also offers routine annual checks such as those on gas appliances - and the heating engineer is accredited through the Gas Safe scheme.

For work on your own home, you can be assured of a friendly and reliable response with competitive prices.

Alison says: "Our workforce takes great pride in carrying out a prompt and quality job, leaving the homes of its clients in a neat and tidy condition." Businesses such as pubs, clubs, health centres, hotels, nurseries and those with office and industrial premises can get individual work carried out or negotiate a contract for annual maintenance. A full range of services is available plus an emergency callout facility.

FasTrak operates in Horsham, Crawley, Haywards Heath, Burgess Hill, East Grinstead, Reigate, Redhill, Worthing and Brighton. For larger planned works they cover the South East of England.

So to learn more about this swift, competitive and reliable service and an indication of prices why not take a look at FasTrak's informative website at www.fastrakpm.co.uk

You can also contact the company on 01403 339666 or by email to info@fastrakpm.co.uk.

FasTrak
