

# Lock, Key and Carpentry...

Horsham has its fair share of successful and ethical businesses; none more so than Leadbeater Joinery and Leadbeater Locks - two thriving businesses that have recently relocated under one roof to the Jubilee Estate on Foundry Lane Horsham after outgrowing their premises in Colgate.

They're opposite the WJ King Brewery; brewers par excellence of Horsham Best and Red River handcrafted local ale!

The move is good news for local residents and businesses alike. If you're in need of a local carpenter & joiner with excellent credentials and a virtual army of delighted customers it's well worth discussing your next project with Martin Leadbeater or a member of his team. And they don't just carry out large projects refurbishing homes and converting lofts. A peek in their workshop on the day this article was written revealed a large piece of Corian® (Leadbeater Joinery are the only Horsham firm to be included in the prestigious Du Pont Quality Network) that's going to be moulded into a seamless worktop for a rather swish kitchen in Horsham, four expertly crafted replacement box sash window frames and, a striking door in need of replacement hinges.

Leadbeater Locks, whilst not a new kid on the block (Martin Leadbeater established a mobile locksmith service 15 months ago) is the newer business of the two. Demand for the emergency 24-hour locksmith service has grown and now customers can enjoy a treasure trove of everything to do with locks. A while you wait service even includes pinning cylinders.

A peek into their lovely new showroom reveals...

- Digital code locks
- High security British standard locks that meet the standards required by your insurance company
- Motorbike and bicycle locks
- Exquisite Italian designed door furniture - stylish and sleek in a number of gorgeous finishes
- The beautiful but practical Carlisle Serozetta range of interior and exterior door furniture. Looks expensive but very reasonably priced - from just £12 plus VAT for a pair of door handles
- Architectural hardware, hinges, bolts and knobs
- Window furniture, letterboxes, door-knockers and more!
